

I CAN RHYME

From the children's album, *I'm a Nut*. Available to stream.

Lyrics by Ronald L. Morris

I can rhyme all the time
Mix an orange with a lime
Change a nickel for a dime
Have a party with some slime
Make some music with a chime
Wash off a lot of greasy grime

I can rhyme, I can rhyme, I can rhyme

I can rhyme when I'm down
Turn a smile into a frown
Chase away a happy clown
Make the sky the color brown
Start it raining on my town
Use a verb and not a noun

I can rhyme, I can rhyme, I can rhyme

CHORUS

If you like smiling, and playing with words
You'll find that rhyming is like singing with the birds
Once you get started, you'll find a new friend
So let's keep rhyming to the end

(continued)

I can rhyme in the car
Tell my sister she's a star
Yell my name really far
Keep a bug in a jar
Play a song on guitar
Make a face that's so bizarre

I can rhyme, I can rhyme, I can rhyme

I can rhyme when I'm home
Send my cat off to roam
Watch some water start to foam
Fix my hair with a comb
Play some sports in a dome
To my yard add a gnome

I can rhyme, I can rhyme, I can rhyme

CHORUS

If you like smiling, and playing with words
You'll find that rhyming is like singing with the birds
Once you get started, you'll find a new friend
So let's keep rhyming to the end

I can rhyme, I can rhyme, I can rhyme
I can rhyme, I can rhyme, I can rhyme

I can rhyme, I can rhyme, I can rhyme
I can rhyme, I can rhyme, I can rhyme
